No. G. 7484—*G. M.* 121-36-2, *dated* 29*th March* 1937.

The undermentioned Letter No. F. 36-65—35-G, dated the 10th December 1936, from the Government of India, Department of Education, Health and Lands, is published for general information in continuation of Notification No. G. 7937—G. M. 6-35-67, dated the 1st April 1936 :—

"I am directed to say that since the introduction of the procedure for the official verification of vaccination certificates issued by registered medical practitioners in India by means of countersignature, the Government of India have received a large number of protests from all classes of the medical profession in India. They have, therefore, after careful consideration, decided that the existing instructions limiting the countersignature of vaccination certificates to certain selected officials should henceforth apply only to cases of passengers proceeding to East and South African ports and Iraq.

2. This decision involves amending the "Note" appended to the standard form of vaccination certificate, copies of which were forwarded with this Department Letter No. F. 36-22, of 35-G, dated the 31st December 1935, and I am to request that the following words may kindly be added at the beginning of the Note :—In the case of a passenger proceeding to any of the ports in East and South Africa and also in Iraq.

3. I am to request that necessary steps may kindly be taken early to give as wide a publicity as possible to the above decision."

By Order,
M. VENKATANARANAPPA,
Secretary to Government,
